Statement of Purpose

Exceptional Children, the official journal of The Council for Exceptional Children, publishes articles on professional issues of concern to special educators and articles on the education and development of exceptional students. Articles appropriate for publication include data-based position papers, data-based research, research integration papers and policy analyses. The journal also includes reports of official actions taken by the governing bodies of CEC.

Selection of manuscripts is made on the basis of importance of the topics addressed, accuracy and validity of contents, contribution to the professional literature, implications for the practice of special education, originality, and quality of writing. Author guidelines are available from the Editor or from CEC headquarters.

Address all manuscripts to the Editor: Dr. James E. Ysseldyke, Professor of Educational Psychology, University of Minnesota, 350 Elliott Hall, 75 East River Road, Minneapolis,
